

Thurston County Jail Support

While this sheet can be used for jail support when our people get arreesteed, we would encourage the use of this sheet to find and reach out to random people stuck in Thurston County Jail to start building relationships with. We find the distinction between 'political' and 'non-political' prisoners harmfully prioritizes support for certian people while the majority of people - often people with little to no community support - are left to fend for themselves.

Not only do we believe all crime is inherently political, but if we're trying to burn this motherfucker down, it's gonna take every prisoner to burn this motherfucker down.
